🛰 THE GITCOIN WEEKLY 🛰

Hi there.

It was great meeting many of you at ETHDenver this past weekend. ETHDenver was a 1200 person hackathon with dozens of new teams formed during the weekend; and Gitcoin is proud to say that we sponosored bounties for much of what was built there!. We are also happy to show off ColoradoCoin -- a physical Ethereum ERC20 token that was built using Gitcoin bounties.

What else is new?

- Post Mortem — Production Issues 2018/02/20
- OSS Today -- Some Wins, Some Losses
- gitcoin.co/community - An index of community calls since Gitcoin was started

I hope to see you on slack, or on the community livestream this Friday at 3pm MST ! 🤖
