THE GITCOIN WEEKLY

Howdy doo,

Last week, Gitcoin added it's first full time (non-founder) team member. Please join me in welcoming Vivek Singh to the project!

Vivek brings with him a lot of content and product experience and will be helping us spread the vision behind Gitcoin while interacting with our community and Gitcoin developers. You can see his first piece, A Brief History of Open Source published on the gitcoin medium page.

If you get a chance, say hey to Vivek on slack or on twitter. 👋

Back to coding ! 🤖
